Introduction

Thank you for selecting the Honeywell handheld remote control TS607. This product is a part of the Professional Weather Station TE923W and programs and controls different weather modes via infrared light. It works only with TE923W main unit display, model number TE923WD.

Note: In order for handheld remote to operate, you must own a main display unit (TE923WD) of the Professional Weather Station TE923W.

In this package you will find:

One Infrared Remote Control (TS607)

One User Manual

Diagram

Important: The AC/DC adaptor connection to the main display unit is required for a handheld remote control functions. If the main unit operates solely on the battery power, the handheld remote control functions will be disabled.
